ADAIR - FISCAL - COURT.

SHERIFF SETTLEMENT OF TAX 1898.

A settlement of the accounts of J. W. Hargis, Sheriff of Adair county, Kentucky, of the collections and disbursements made by him of the taxes levied at the October term, 1898, of the Adair Fiscal Court, for the purpose of settling the current expenses of Adair county for the year of 1898.

At the regular October term, 1898, of the Adair Fiscal Court, I was by an order of said court appointed a Commissioner and directed by said order to make a settlement with J. W. Hargis, Sheriff of Adair County, of his accounts of the collections and disbursements made by him of the taxes levied by said Court at its October term, 1898, to be collected and paid to the creditors of said county, by said Sheriff during the year of 1899. In accordance with said order, I did on the 24th day of March, 1899, call on said Sheriff and make a settlement of said accounts with him.

I first charged him with the total number of fifteen hundred and thirty-two dollars and fifty cents, as taxes levied at the October term, 1898, of the Adair Fiscal Court, for the purpose of settling the current expenses of Adair county for the year of 1898. I also charged him with the poll tax of four persons at \$1.50 each, which the Assessor had failed to list, but which had since been reported listed, and the taxes collected by said Sheriff. I then charged him with twenty-two and one-half cents on each \$100.00 worth of taxable property of the county, as listed and assessed by said Assessor and equalized and certified to the clerk for valuation taxation for said year. I also charged him with 22 1/2 cents ad valorem taxes on each \$100.00 worth of taxable property, which said Assessor had failed to list, but which had since been reported listed and the taxes collected thereon by said Sheriff. I then charged him with the franchise tax, as certified by the Auditor to the county clerk, as taxes for said year on the Bank of Columbia and the Green River Telephone Company, I then charged him with 6 per cent penalty on all the taxes which were collectable, but were uncollected on the 1st day of January, 1899, and the taxes made the debts of J. W. Hargis, Sheriff, to Adair County, as follows, to-wit:

To 1715th assesses and returned by the Assessor, at \$1.50 each, 4,755 00
To 4 times which the Assessor failed to list, but were listed by the Sheriff and the tax collected at \$1.50 each, 6 00
To ad valorem tax on \$1,294,177.00 worth of taxable property, which was listed by the Assessor, supervised, equalized and certified for taxation at 22 1/2 cents on each \$100.00 thereof, 3251 89
To ad valorem tax on \$600.00 worth of taxable property, which the Assessor failed to list, but which was listed by the Sheriff and the taxes collected thereon at 22 1/2 cents on each \$100.00 thereof, 221 00
To 6 per cent penalty on 5 00 of taxes which was collectable, but not collected prior to the 1st day of January 1900, 24 06
To the franchise tax on the Bank of Columbia, as certified by the Auditor for taxation, 12 12
To the franchise tax on the Green River Telephone Co., as certified for taxation, 60 00
To the franchise tax on the Adair and Russell Telephone Co., as certified for taxation, 84 00
Total debits 8961 22

I was then shown a large number of certificates of orders of allowance to various persons, in various sums, made by the Adair Fiscal Court, at its April term, 1898, and its October term, 1898, and ordered by said court that they be paid out the levy as above set out, and which had been paid to the owners of same by said Sheriff and his deputies, and by which I gave him credit as follows:

WEDNESDAY, APR. 25.

Floods in the lower Mississippi Valley have done much damage to property.

Col. W. D. Colson seems to have a clear case of self defense in the shooting of Scott. LAYNE—He was acquitted Saturday.

A bill has been introduced in the United States Senate to grant a pension of \$50 a month to Gen. Longstreet, as a Mexican veteran.

Charley Finley says he will not return to Kentucky until his case is called but that he will return then. He might come before he should be ready.

The Franklin county grand jury has not been at work on the assassination case for several days. The Commonwealth's Attorney has engaged in the Colson murder trial.

Republicans went up Salt river in Louisiana last week. Democrats carried every parish in the State excepting two and elected every officer in the state except 2 sheriffs, 4 police judges and 3 magistrates—Expansion where art thou?

The Republican State Convention at Montgomery, Ala., last week, split wide open in an attempt to organize. The Seargant-at-arms of the two factions had a fight and one was shot and seriously wounded. Two delegations went to the National Convention.

The Louisville Post, urges the Republicans to organize early and so doing the Democratic party of Kentucky can be voted from the face of the earth. Democrats should take warning for Dickey Knott is a danger. He thinks, since the Post has supplanted the Commercial, for Republican favor, that he is the whole thing.

The Republicans of Tennessee split wide open in their Convention last week in Nashville, and as a result two Conventions were held, two State tickets were nominated and two sets of delegates will go to the city of brotherly love. The Republicans are splitting from "Amsterdam to Goodville" in this good year of expansion, imperialism and trusts.

It is reported that Mr. W. S. Taylor has been indicted as an accessory to the murder of Governor Wm. Goebel, but no warrant for his arrest has been issued. We do not know how this is but as others have been indicted for this crime and accused of conspiring with W. S. Taylor and others, we cannot see how one could go free and the others indicted. Webster said, "murder will out."

Next Monday the Supreme Court will begin an investigation of the Kentucky muddle. The question before the Court will be that of jurisdiction and each side is allowed a short time to present argument. If the court decides that it has no jurisdiction in this matter then the battle will be a thing of the past and Mr. Beckham will be the lawful Governor of Kentucky, beyond further dispute.

Should it decide that it has jurisdiction, then the case will be tried on its merits and would probably be a long time before the declaration of peace in this State, but as heretofore stated we do not have a doubt that the Supreme Court will claim jurisdiction in this matter as it is purely local.

Last Wednesday in the Franklin circuit court the amended answer of the Republican State officers was overruled by Judge Cantrell and judgment entered for the Democratic State officers. The Republicans must either vacate the offices within ten days from the time judgment was entered or execute supersedeas bond and carry the case to the Court on Appeals. The sheriff is ordered by the judgment to eject the usurpers if they have not evacuated within ten days.

The outlook for a great national Democratic victory this fall is brightening every day. Four years ago our party was divided and many of its ablest leaders openly fought Mr. Bryan, but now it is different. In every State the Democrats are uniting and preparing to win a great victory with the man some rejected and fought four years ago, and exactly upon the same platform as then with a few additional planks. However, the paramount question in the approaching fight will probably be shifted from the money question to that of Trusts and Imperialism, and should this prove to be the case, it does not indicate that the free silver question is dead, not by any means. It will merely impress the fact that the power of trusts more seriously threatens the welfare of the people than does our monetary standard; that this evil is within the power of the people to cripple and abolish, while the money question, for the next six years, has for a certainty passed beyond our reach. It would mean that the present Administration has established governments for our newly acquired territories that are unjust and discriminating, and that the power is within the reach of the Democratic party to change and to overthrow such unjust laws. It means that the great principles of Democracy are founded on justice; that truth is mighty and will prevail. Many of the great papers that fought Mr. Bryan four years ago are now back in the party and supporting him for the nomination. The Courier-Journal has returned and will be a powerful factor in the South in the next campaign. The New York Journal is now supporting Mr. Bryan for the nomination in preference to all other Democrats. Four years ago it led a powerful fight against him. With almost one million circulation it will be a potent power in sending New York and other states back into the Democratic fold. While harmony prevails in our party the Republicans in large numbers are deserting the ranks of the states are fighting and dividing. Many of the states will send two delegations to their convention, one to be elected the other rejected and by the time they will meet the common rank and file will be so divided that no one will be able to hold the nomination. On the 10th the Republican convention in Montgomery, Ala., indulged in a wide open split and free fight and held two conventions. We are willing to see the split grow wider. The man that was rejected is fast forging to the front and will soon be our President.

OUR GLORIOUS COUNTRY.

Have you watched its marvelous growth? If not, The Weekly Enquirer wants to study the strides it has made. The first census of the United States was taken in 1790. Since then every succeeding ten years. The result has been as follows:

Year	Population	Year	Population
1790	3,929,821	1890	31,443,251
1800	5,308,043	1880	36,993,191
1810	7,242,133	1870	39,818,779
1820	9,637,831	1860	41,940,454
1830	12,866,052	1850	23,191,271
1840	17,069,453		
1850	23,191,271		

Here you have the figures of a basis of calculation. The problem now is: What will be the population of the United States, excluding recent acquisitions. The result is usually announced in July of the census year.

The Weekly Enquirer is anxious to engage all in a study of their country. To this end it will distribute cash amounting to \$25,000, for solutions received of the population of the United States Census, as follows:

To the first nearest correct guess received.	\$5,000.00
To the nearest correct guess received.	750.00

2197 cash presents amounting to \$25,000.00.

In case of a tie, money equally divided.

Every guess on the above proposition must be accompanied by a year's subscription to the WEEKLY ENQUIRER.

You can guess as often as you care to include subscription price to the WEEKLY ENQUIRER.

This contest will close a month before the result of the census will be known and officially certified by the Director of the United States Census at Washington, D. C.

Subscription price for the WEEKLY ENQUIRER (including postage) is only \$1.00 a year. Eleven copies and eleven guesses for \$10.00. For full particulars see WEEKLY ENQUIRER.

THE TWO BRIDGES.
The County Court Awards the Contracts for Building Same.

Last Thursday the County Court met at Plum Point on Green river for the purpose of determining the most suitable place to build a bridge across said stream. About seventy-five or one hundred interested citizens, together with eight or ten bridge men, were on hand and the advantages according to the people of the county by bridging the river at that point were forcibly presented by Dr. R. D. Hovious, C. V. McVincenz and Steve Kniffel all making brief but pointed arguments in favor of Plum Point. The crowd was invited to dinner by Messrs. Russell, Watson and others, and after a most enjoyable and well spent day, the court adjourned to meet in Columbia the following day.

For hospitality the citizens of Newville and vicinity are unsurpassed and the many pressing invitations to spend the night with them made us feel that it was a good land. On Wednesday morning the judges met in the court room to receive bids from the representatives of the various bridge companies and to determine whether the bridge should be built at Plum Point or Newville. Antions representatives of both localities were on hand but the question was not fully settled until late in the evening when the vote stood 5 to 1 in favor of Plum Point. We must say that while the rivalry between the two places was spirited that the best of humors prevailed and while many thought that Newville was the logical place for the bridge yet the good citizens who made a hard fight, a "green pull" and backed up their claim by \$600 in subscription accepted the decision of the judges without a murmur. A bridge at Newville would cost more money than at Plum Point but our judges only appropriated the funds for this year accruing from \$21,000 to \$25,000 and the people directly interested at the places selected to contribute the remainder. As it now stands the people of Plum Point get \$10,000 from the county and they pay \$1,248.64 which builds the bridge. Milltown gets from the county \$1,262.28 and they pull from their purses \$774.32 the amount necessary.

We are glad that our judges have taken this progressive step and feel that the people in the main will endorse them.

The contract for both bridges was awarded to the Champion Bridge Co., represented by Mr. Spaul, but some of our competitors pushed in closely as he only underbid at one place \$6.00 and at the other about \$10.00.

An effort is being made by Americans to raise a contribution to relieve the starving people of India. Mr. Wariner, of this town, will receive any amount you will give and will have the same immediately applied to the suffering from the pangs of hunger.

In a N. E. Force Informer it is said that Capt. W. E. Caldwell, who left this state an officer in the volunteer army, is now Governor of an island in the Philippines. Capt. Caldwell is a native of Green county, and his many friends in this section will receive this as good news.

Mrs. E. G. Atkins entertained the young people of Columbia Monday evening in honor of Miss Pearl Jones, of Greenburg, and May Mitchell, of Arkansas. A good number of the young people were present and the evening was pleasantly spent.

Mr. Tate Turpin while trimming a tree last Saturday had the misfortune to cut his foot. The cut is an inch long and to the bone on the top of his foot. It is a very painful wound, but he is able to hobble around.

Attention.
I am still in the produce business and am prepared to handle more than I have been in the past. I will pay the highest market prices for all country produce. R. B. WILSON.

I would like to meet the neighbors to try and organize a Sunday-School at Rocky Hill, the second Sunday evening in May, at 7 o'clock. The parents are especially invited to come and bring the children, for it is our place to start the children in the right path and this is the Lord's work. Let us go to work with a willing heart and have a good Sunday-School. All invited, in or out of neighborhood.

For The Ladies.
Mrs. T. I. Smith, the artistic milliner, Cane Valley, has the largest line of spring hats, bonnets, ribbons, etc., ever opened this side of Green river. Not a hat carried over from last season—every thing new and complete. If you want to see hats dealing with beautiful flowers, call at her store. Her stock was bought 100 per cent cheaper than last year, hence she can sell goods for less money than any other milliner in the county. Satisfaction guaranteed. Those taking in exchange for goods, call.

Miss T. I. Smith, Cane Valley, Ky.

GREENBURG.
Fire broke out in Woodson Lewis' store building last Friday night about 11 o'clock, and was beyond control when discovered. It consumed the building and contents, J. M. Howell's drug store and building, Skaggs & Hamilton's law office and the store of E. W. Peacock, recently vacated by Harry Martin. Smith's barber shop, poultry house owned by Mr. Lewis and occupied by Grinstead & Co., and the law office of W. N. Foster and J. H. Woodward. But for the fire on the roof of the clerk's office the block to west would have been consumed. By tireless work and good management the fire was stopped at the County Clerk's office. All the public records were taken from the office and remained on the public square during the remainder of the night.

Goods were taken from the buildings of Clark & Hays, Taylor, Collins & Co., J. E. Cantrell's drug store and H. E. Courts. Messrs. Lewis and Howell saved but very few of their goods.

Our claims were entirely satisfied and we have no room for complaint from any source but can truthfully state that our short stay in this county was pleasant and we will ever have a kind feeling for the people who live within her borders. Trusting entire satisfaction in the delivery this fall, we remain yours truly,

J. W. Starnes and W. F. Martin.

The Best in the World.
We believe Chamberlain's Cough Remedy is the best in the world. A few weeks ago we suffered with a severe cold and a troublesome cough, and having read their advertisements in our own and other papers we purchased a bottle to see its effects. It cured us before the bottle was more than half used. It is the best medicine for colds and coughs—The Herald, Andersonville, Ind. For sale by M. Cravens.
